SUMMARY

Information Technology undergraduate at Telkom University (GPA 3.57/4.00) with a focused interest in cybersecurity and full-stack development. Hands-on experience building web and mobile applications using Laravel, Flutter, and modern web technologies. Familiar with security tooling including Burp Suite and Wireshark, and comfortable in Linux environments. Seeking an internship to apply technical skills and contribute to real-world engineering or security projects.

EDUCATION

Telkom University, Bandung | Aug 2023 - Expected 2027

Bachelor of Information Technology (S1 Teknologi Informasi)

- GPA: 3.57 / 4.00 (current, semester 6)
- Relevant Coursework: Web Application Security, Computer Networks, Database Systems, Object-Oriented Programming, Mobile Application Development, Operating Systems, Software Engineering

TECHNICAL SKILLS

Programming Languages: Python, Java, Golang, PHP, Dart, JavaScript

Web Development: Laravel, HTML, CSS, JavaScript

Mobile Development: Flutter

Databases: MySQL

Security Tools: Burp Suite, Wireshark

Operating Systems: Linux, Windows

Version Control: Git, GitHub

Security Concepts: OWASP Top 10, Web Application Security, Networking Fundamentals

Languages: Indonesian (Native), English (Intermediate)

PROJECTS

Smart Parking System | Course Project

github.com/andiazhari1010-ctrl/smart-parking-tubes

- Developed a parking management system focused on slot tracking, availability, and vehicle entry/exit workflows.
- Designed the data model and core business logic; collaborated using Git/GitHub for version control.

Laravel Web Application | Course Project

github.com/andiazhari1010-ctrl/tubes-laravel

- Built a full-stack web application using the Laravel framework (PHP) with MySQL database.
- Implemented CRUD operations, user authentication, and MVC-based routing following Laravel best practices.

Cross-Platform Mobile Application | Course Project

github.com/andiazhari1010-ctrl/tubes-flutter

- Developed a cross-platform mobile application using Flutter (Dart) targeting Android and iOS.
- Designed responsive UI components and implemented state management, navigation, and data persistence.

CERTIFICATIONS

- Introduction to Cybersecurity — Cisco Networking Academy

ORGANIZATIONAL EXPERIENCE

Member, Himpunan Mahasiswa Teknologi Informasi (HMTI) | Telkom University

- Active member contributing to academic community programs and student-organized events.
